

# Dependent Care Flexible Spending Account

Under the Federal Flexible Spending Account Program (FSAFEDS), a **Dependent Care Flexible Spending Account (DCFSA)** is a pre-tax benefit account used to pay for dependent care services, such as summer day camps, before and after school programs, nursery school, preschool, private sitters and child or elder daycare.

## How It Works

Simply decide how much to contribute to your DCFSA account each year, and funds are withdrawn from each paycheck for deposit into your account before taxes are deducted. As soon as your account is funded, you can use your balance to pay for many eligible dependent care expenses.

Be sure to estimate your annual dependent care expenses and make your contributions carefully. Any money left unspent in your DCFSA at plan year end is forfeited. However, there is a grace period from January 1, 2024 to March 15, 2024 during which you can incur eligible DCFSA expenses that will be reimbursed from any remaining 2023 balance.

## Why You Need It

- Save up to 30%<sup>†</sup> on preschool, summer day camp, before/after school programs, child or elder daycare and more
- Reduce your overall tax burden—funds are withdrawn from your paycheck for deposit into your DCFSA before taxes are deducted
- Take advantage of several convenient, no-hassle payment and reimbursement options

You can save up to  
**\$1500\***  
every year!

## How You Manage It

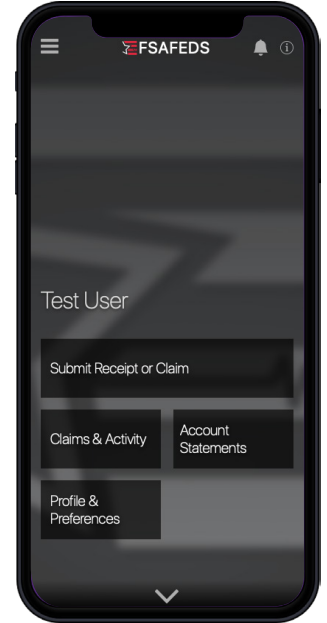

With a variety of payment and reimbursement options, your DCFSA is easy to use. Arrange for convenient direct payments to your dependent care provider or be reimbursed for payments you make. You can even have your dependent care provider sign receipts using your mobile device. Manage your account via a secure website on any computer or mobile device that's connected to the Internet or via the FSAFEDS app.

## How Much You Can Contribute to It

You can contribute a minimum of \$100 or up to a maximum of \$5,000 to your DCFSA (per household). Full rules available at [www.FSAFEDS.com](http://www.FSAFEDS.com).
