HOW IT WORKS

Simply decide how much to contribute to your FSAFEDS account each year and funds are withdrawn from each paycheck for deposit into your account before taxes are deducted. As soon as your account is funded, you can use your balance to pay for many eligible dependent care expenses. Be sure to estimate your annual dependent care expenses and make your contributions carefully. Any money left unspent in your Dependent Care FSA at plan year end is forfeited.

HOW YOU USE IT

With a variety of payment and reimbursement options, your Dependent Care FSA is easy to use. Arrange for convenient direct payments to your dependent care provider or be reimbursed for payments you make. You can even have your dependent care provider sign receipts using your mobile device.

HOW YOU MANAGE IT

Manage your account via a secure website on any computer or mobile device that's connected to the Internet or via the FSAFEDS app.

HOW MUCH YOU CAN CONTRIBUTE TO IT

You can contribute a minimum of \$100 or up to a maximum of \$5,000 to your Dependent Care FSA. Full rules available at www.FSAFEDS.com.
